2018 IWWF World Waterski Show Tournament: Bulletin 1

The 2018 IWWF World Waterski Show Tournament Canadian organizing committee is pleased to have you participate in the first tournament to be held outside of the USA. This bulletin will be the first of 3 bulletins to follow throughout the next 11 months providing you with detailed information about the events and tournament. The Tournament will be held September 7-9, 2018.

Tournament Details

The tournament will be held September 7-9, 2018 in [Huntsville, Ontario Canada](#) at the [Deerhurst Resort](#). Teams will have practice times daily starting on September 3-7, 2018.

Tournament Site Details

The site planning details are underway with the resort and other parties who will be building the infrastructure. This will include the docks, main stage, spectator stands, judges stands and other details. Due to construction at the site to improve the waterfront we do not have the final imagery of the site but will share details as the terraces are completed.

Here are some details on what is being put together

- Main stage of approximately 60' x 10' will be built in the center of the show course
- Main dock will be configured to tournament specs
- Right and left docks will be setup to facilitate acts
- Barges will be set on both the right and left side of the show course
- Main jump will be set per tournament specs
- Discussing options to have shore jumps behind main and on the right shore side

Tournament staging details are being coordinated and will be shared in the next bulletin. We are working within some constraints of the site but are committed to a solution that will make it easy for teams to put on a great show.

Travel

Transportation will be coordinated for teams flying into the Toronto Pearson International Airport to provide transportation directly to the designated tournament hotel, Deerhurst resort. We will coordinate travel details with each team as needed. Transportation will be limited to team members. If you have a need for other arrangements we will facilitate discussions with our partner.

Hotels & Lodging

The designated hotel for the tournament is the world renowned [Deerhurst Resort](#). The facility has enough capacity to house all the athletes and officials on site to eliminate the need to travel throughout the week. Team members will appreciate this since they all the events will also be held on property. In addition to the team's all officials will also be located at the resort.

Currently the hotel is completely blocked out for teams and we encourage all team managers to contact the hotel as soon as possible to finalize your block. To coordinate a call to setup your team block email the sales group below. Include your contact info and Country you represent.

 - Food and beverage details being developed
 - Evening will include tournament seeding
- Opening Ceremonies
 - Friday evening at the show site
- VIP reception for officials and dignitaries
 - Will follow opening ceremonies
 - To be held in the main resort building
- Closing ceremonies
 - Sunday at show site after last show
- Final Banquet
 - To follow closing ceremonies after teams have time to get ready
 - Will include individual team metals
 - Food and beverage details being developed
 - Entertainment plans being developed

Travel and Visa Requirements

We encourage you to check with your embassy or consulate to verify requirements for entry into Canada for members of your team.

Team Equipment

As in previous years international teams may need to work with North American based teams to facilitate some of the equipment needs such as skis, ropes and other equipment. If your previous team sponsors are not able to help meet your needs please let us know as we are reaching out to other teams closer to the site who have indicated they may be interested in supporting a team. As in previous years the tournament will not be responsible for agreements between the teams nor the arrangements to ensure the equipment is on site.

Tow Boats

Discussions are underway to confirm a tournament towboat sponsor that will exceed the standards outlined in the agreement.

The Canadian Dollar

All financial details are in Canadian dollars. To help with your planning go to this [site](#) to view the current exchange rate.
